

Welcome and Aims

John Watterson

UK Emissions Inventory Stakeholder Meeting

29th September 2008

Welcome all...

- Fire and facilities
- The day...
- The revised and enhanced NAEI team
- Overview of the NAEI programme and links to other projects
- The importance of stakeholder involvement

The day...

1. **Introduction** (10:00 – 10:20)
2. **Current and long-term policy commitments** (10:20 – 11:00)
 - AQIP's view (Sarah Honour)
 - CEOSA's view (Yamide Dagnet)
3. **The Emissions Inventory Programme - achievements over the last year and current commitments** (11:00 – 12:00)
 - The NAEI Programme (Anne Wagner NAEI, AEA)
 - The GHGI (Sarah Choudrie, AEA)
- LUNCH** (12:00 – 13:00)
4. **Biofuels** (13:00 – 13:30)
 - (Tim Murrels, AEA)
5. **Biomass** (13:30 – 14:00)
 - (Peter Coleman, AEA)
6. **Renewables** (14:00 – 14:30)
 - (Mike Janes, BERR)
7. **Shipping** (14:30 – 15:00)
 - (Andriana Stavrakaki, Entec)
8. **Question and answer session** (15:00 - 16:00)
 - Please write down your questions... any question at all – but sector experts here today on biomass, biofuels and shipping
 - Discussion should focus on future priorities/needs and how the emissions inventory could meet them.
9. **Summary and Actions** (16:00 – 16:30)
 - Conclusions, summary and identifying actions. Led by Sarah Honour and Yamide Dagnet.

Main NAEI Deliverables, activities, responsibilities and links to customers and to other projects

Main NAEI Deliverables, activities, responsibilities and links to customers and to other projects. Version 29/09/08. JDW

Key aims

- The day will concentrate on current topical areas
 - biofuels, biomass and renewables
 - shipping
- Key aim is an open exchange of information

The importance of stakeholder workshops...

- The input of stakeholders is important to the NAEI team
- The inventory serves a wide audience, and an increasingly large range of needs
- The evolution of the inventory is greatly helped by input from stakeholders...
- ...and we aim to keep stakeholders informed about developments in the inventory
- ... hence the importance of these stakeholder days...
- Over to Defra ...
